VERSE

1. From Der - ry quay we sailed a - way on the twen - ty - third of May We were
 tak - en on board by a plea - sant crew, bound for A - mer - i - kay Fresh
 wat - er then we did take on, five thou - sand gal - lons or more In
 case we'd run short go - ing to New York far a - way from the sham - rock shore.

CHORUS

So, fare thee well, sweet Li - za dear, and like - wise Der - ry town And
 twice fare - well to my com - rade boys, who dwell on that saint - ed ground If
 for - tune should e - ver fav - our me, or I to have mon - ey in store I'll come
 back and I'll wed the girl I left on Pad - dy's green sham - rock shore.

2. We sailed three weeks, we were all seasick, not a man on board was free
 We were all confined unto our bunks and no-one to pity poor me
 No father kind nor mother dear to lift up my head, which was sore
 Which made me think more on the lassie I left on Paddy's green shamrock shore **CHORUS**
3. We safely reached the other side after fifteen and twenty days
 We were taken as passengers by a man and led 'round in six different ways
 Then each of us drank a parting glass, in case we'd meet no more
 And we drank a health to Ireland and Paddy's green shamrock shore **CHORUS**
